November 17, 2010

Topic: Overview of Special Education in Merrimack

A panel discuss was held with David St. Jean, Director of Special Services, and the special education coordinators from each school in the district. Mr. St. Jean presented an overview of special education and the procedures involved with qualifying and developing an Individualized Education Plans (IEP). Special Education coordinators then described the services that were unique to their building and or student population. A question and answer period followed.
